Horse Health Requirements

All horses **MUST** have a negative Coggins test within 6 months of the sale (AGID, ELISA, or a quick test will allow entry into Canada) and health papers within 30 days of the sale. Tetanus, Flu, and Rhino shots are required to be administered and documented before the sale. If International health papers are needed, go to web site www.aphis.USDA.gov/vs or call Vet services in Pickerington, OH **614-856-4735** for any questions. All bred mares must have a Vet certificate within the last 30 days stating that the mare is in foal. Any buyer of a bred mare who is uncertain of her being in foal must have her Vet checked by the sale Vet before she leaves the grounds. If she is bred the cost of checking will be paid by the buyer. If the mare is not in foal the cost will be paid by the seller.

Check In

No horses will be allowed on the grounds without proper health papers. Horses arriving must be taken directly to the sale office to have their paperwork processed. Sale numbers will be assigned and horses can be stalled. Be sure to send your health papers with your shipper if you plan to send the horses ahead of yourself. All horses hip tagged **MUST** go through the sale ring.

Hay, Bedding and Feed

All consignors are responsible for their own feed and hay. First bedding only will be provided. Additional bedding will be available on the grounds for purchase. Hay will also be available on the grounds for purchase.

Registrations

All consignments to the Buckeye Morgan Horse Sale LLC are required to be registered. The sale also requires that all original registrations and signed transfers be in place before the horse goes into the sale ring. Catalog number of the horse is the sale order. The seller guarantees the identity of each animal as it appears on the registration certificate. All horses will be transferred to the person indicated on the sales slip. Cost to transfer ownership of the consignments to new owners will be deducted from the sale proceeds. Buyer will be responsible for any additional transfers. Title passes at the fall of the auctioneer's hammer, at which all risk and responsibility for the horse passes to the buyer.

Buyers: All sales are final.

Terms

All consignments must have a new halter and lead rope, otherwise the sale committee will supply one and charge the seller for the cost. No horse will be allowed to leave the grounds without a checkout slip indicating full payment. All horses must be removed from the barns by midnight Saturday evening, the last day of the sale unless other arrangements are made with the sale committee. All sellers are responsible for their horses until the time the gavel falls, after which the buyer is in full responsibility. The sale committee reserves the right to reject any horses for any reason, including but not limited to: unsoundness, poor condition or improper documentation of registration or health papers.

Warranties

Ages, heights, markings and physical conditions are approximated and not guaranteed. It is the responsibility and obligation of the buyer to examine the horse before he bids, as ALL sales are final. In case of typographical errors or other errors are discovered, the auctioneer will announce them, which will take precedence over the printed catalog. Buyers are therefor cautioned to pay attention to the auctioneers announcements.

Buyer's Payment

Buyer shall pay for the horse(s) prior to the conclusion of the sale by one of the following means: cash, approved personal check, money order, cashier's check, traveler's check or credit card. US funds only. Credit card payments will include a 6% buyers premium. 6% buyers premium waived with cash or check. Checks are to be made payable to Buckeye Morgan Horse Sale LLC. A \$35.00 service charge will be made on all bad checks (NSF, Stop Payment, etc.)

Guarantees

No guarantees whatsoever, expressed or implied are made by the sale committee, the auctioneers, pedigree readers, bid spotter or anyone associated with the Buckeye Morgan Horse Sale as to title, quality, unsoundness or soundness of any consignments. Presentations given in writing by the consignors to the sale committee will be announced at the time of sale as though by the consignor. Any claims made based upon said presentation, guarantees, or omissions, shall be made against the consignor only and not the sale committee or any persons related to the sale. Sellers statements will be announced at the sale.

Liabilities

Everyone is urged to use caution and care while attending the sale. The Buckeye Morgan Horse Sale LLC, all members of the committee, and all associated with the sale in any way, shall not be liable for any injuries sustained by anyone attending the sale, and all parties entering the grounds where the sale is held do so at their own risk and further agree that the organization responsible for the sale is hereby released from any liability or responsibility for any injuries sustained by them during the attendance of the sale and its related activities from any whatsoever. **Notice: Under Ohio Law 9ORC 2305.321. an equine professional is not liable for an injury to or the death of an equine activity participant that results from an inherent risk of the activity. Here's one nice GLB Bell Pepper mare. This mare can TROT! Bred to HWDY High Velocity for a June 2026 foal. TSS, broke to the buggy. She has raised some nice foals for us. Easy breeder and a good mother. Hated to part with her so soon, but we have a lot of fillies coming along to replace our older mares. Our loss is your gain. Not many GLB Bell Pepper mares available. Also checkout her bottom pedigree! A trotting machine, can eat up the miles! Retaining her filly from last year from Intrigue to replace her.

BENEFITS OF GSP

"For the past ten years we've been feeding GSP High Fiber Pellets free-choice, along with hay and trace mineral salt to all our horses. They always look great never too fat or too lean. This year, we had thirty weanlings, and they all thrive on GSP Pellets. I haven't found another feed that compares in quality or affordability. I'm truly impressed with this feed and have never considered switching." - Al Davison, Derawnda Morgan Farms

CLEAN NUTRITION PEAK PERFORMANCE

Super Blend provides essential nutrients to enhance performance and support

overall health therefore this blend is wonderful for stallions! Helps increase extra blood oxygen to the muscles for energy, endurance, and body condition. Also helps prevent soreness.

Whether you're transporting, training, or working horses- stress takes its toll on their gut. **Ultra Guard** helps protect those horses from ulcers and digestive problems. A healthy gut leads to a more powerful horse.

Belle is leaving our farm only because we have retained a few of her fillies and need to make room on the farm in order for our own breeding program to grow. Belle has been a wonderful broodmare for us. She is an easy breeder and a great mother. Belle is out of the well known six time WC Park Harness BHF mare HVK Ancient Cry and sired by the beautiful producing HVK Bell Flaire. She is a maternal sister to some of the great names like SLB Valedictorian, Leonardo's Cry, and Mid Shipman. She is also the dam of the beautiful HWDY High Velocity. Take advantage of an opportunity at a nice package. Belle is in foal to CBMF Over The Moon for a March baby. Last breeding date is 04-14-25.

The bloodlines in Diana's pedigree have produced exceptionally talented show horses. Her dam is a full sister to Firewood Diva, the 2001 World's Championship Park Saddle winner. Diva was equally successful as a broodmare, having produced talented show horses including the incomparable Pine High Picasso who dominated the park saddle division in his prime. Picasso was sired by Serenity Masterpiece, who is this mare's paternal grandfather, so there is that relationship as well. Diana is easy to deal with either kept in a stall or pasture. Her first foal, by TRSW Last Look, is very impressive. She was rebred to him for a 2026 sibling. More details at sale time.
